

All WD-40 uses for Garage/Workshop

- Removes tree sap
- Protects mills, lathes, shears, and grinders from rust and corrosion
- Removes gunk and grease from fenders, windows and car interiors
- Lubricates and protects parts from rust and corrosion
- Brings back paint on faded house shutters and makes them look new
- Buffs out scuffmarks on bumpers
- Cleans and protects heavy-duty cutting heads
- Cleans and protects jaws on electric drill chuck
- Cleans and protects reamers
- Cleans axe blades
- Cleans bed of metal lathe
- Cleans blades on box cutters
- Cleans concrete from shovels
- Cleans debris from vise-grip
- Cleans dirty power cords
- Cleans gum from boots
- Cleans gunk from chain saws
- Cleans gunk from safety glasses/goggles
- Cleans jointer and planer blades before and after sharpening
- Cleans resin encrusted table saw blades
- Cleans roofing tar off circular saw blades
- Cleans rusty saws
- Cleans sawdust from wood working tools
- Cleans scum from rubber gloves
- Cleans spray paint nozzles
- Cleans welding dust
- Coat drill press spindle for rust protection
- Displaces moisture from car wiring
- Dissolves rust from rusty bolts
- Drives moisture from shovel handles
- Eases installation of rubber exhaust hangers on exhaust systems
- Eases removal of nuts and bolts near chassis
- Eases removal of nuts and bolts near dash compartments
- Eases removal of nuts and bolts near drive train
- Eases removal of nuts and bolts near fenders
- Eases removal of pinion shafts on old pistons
- Eliminates squeaks from fan belt
- Frees rusted glove compartment door
- Frees sticky remote control mirror mechanism
- Frees stuck accelerators
- Frees stuck fuel door cable
- Frees stuck motor shafts
- Frees stuck tin snips
- Frees up sticking carburetor linkage
- Helps free stuck battery cables from terminals
- Helps hide scratches on plastic safety goggles
- Helps hone cylinder walls
- Helps remove brake dust from wheels
- Helps remove dirt, grime and rust from tools, including hammers, saws and pliers
- Helps remove grease and other marks on sidewalls on tires
- Helps remove vinyl bed-liners
- Helps start wet engines
- Helps to insert cables into cable looms
- Hides small scratches on woodwork
- Keeps a disassembled race car engine well-oiled and prevents rust when parts are sprayed down and wrapped in plastic wrap for the off-season
- Keeps air horn celluloid from sticking
- Keeps brake levers working well on motorcycles
- Keeps car battery terminals corrosion free
- Keeps circumference rulers from rusting
- Keeps dirt and mud from sticking to mountain bikes
- Keeps gear shifters lubricated
- Keeps glove box lock working smoothly
- Keeps pop-up auto lights operating smoothly
- Keeps rollers on wing slats from binding

- Keeps rubber door weather gaskets soft and pliable
- Keeps table saw arbor from gumming up and sticking
- Keeps tire jack working smoothly
- Keeps transmission linkages operating smoothly
- Loosens drive chains on hay balers
- Loosens rusted oxygen sensor in car exhaust pipe
- Loosens slack adjuster locks
- Loosens stuck butterfly valves
- Loosens stuck chuck keys on drills
- Loosens threaded joint on water pumps
- Loosens valve bolts on tiller units
- Lubricates 4-wheel-drive hubs to ease locking procedure
- Lubricates action on fluid lift gate pistons
- Lubricates all metal and moving parts to reduce friction and prevent locking
- Lubricates and protects hinge pins and points
- Lubricates and protects latches
- Lubricates and protects power tools such as drills, nail guns and staple guns
- Lubricates ashtray for easy sliding
- Lubricates auto hood latch
- Lubricates auto hood latches
- Lubricates automatic side view mirrors
- Lubricates ball joints
- Lubricates car antenna
- Lubricates car door hinges
- Lubricates car ignition
- Lubricates child safety seat buckles
- Lubricates choke levers
- Lubricates choke linkage
- Lubricates control arm bushings on front or rear suspensions of autos
- Lubricates convertible top gears
- Lubricates door latch to gas cap
- Lubricates door latches to gas caps
- Lubricates drive chain on motorcycles
- Lubricates emergency brake cable
- Lubricates fuse box hinges
- Lubricates gas cap locks and levers
- Lubricates gears on earth-moving caterpillar tractor
- Lubricates gears on hand-rolling car windows
- Lubricates hacksaw blades for cutting metal
- Lubricates hand-operated window cranks
- Lubricates handicap lift on minivan
- Lubricates hood release cable
- Lubricates hood release cables
- Lubricates hydraulic lifts on truck bed cover
- Lubricates jack gears
- Lubricates knobs on air conditioners
- Lubricates latch mechanisms on snowplows
- Lubricates lawn fertilizer spreader gears
- Lubricates lift chairs on vehicles
- Lubricates linkages on emergency brake release
- Lubricates linkages on emergency brake releases
- Lubricates manifold heat control valve
- Lubricates metal moving parts including vise grips, cutting wheels and garbage disposal blades
- Lubricates motorcycle chains
- Lubricates mounting bracket for alternator
- Lubricates moveable parts of snowplow harnesses
- Lubricates pneumatic clutch
- Lubricates pneumatic cylinders
- Lubricates pneumatic door lifters on station wagons
- Lubricates pneumatic starters
- Lubricates rear shock absorbers
- Lubricates reciprocating saw blades
- Lubricates rubber bushing
- Lubricates rubber wiring grommets to ease installation into fenders/firewalls
- Lubricates rusted oil pan plug
- Lubricates scooter lift
- Lubricates seat belt buckles
- Lubricates sheet metal cutters and channel locks
- Lubricates speedometer cables
- Lubricates squeaky parts
- Lubricates stainless steel hood latches
- Lubricates steering linkages on tractor
- Lubricates sun visors
- Lubricates sun visors in cars

- Lubricates sunroof crank
- Lubricates swiveling chairs in minivans
- Lubricates throttle linkage
- Lubricates tire air knobs
- Lubricates torsion bars
- Lubricates tractor shredders
- Lubricates trailer support cranks
- Lubricates trunk latch
- Lubricates vise handles
- Lubricates windshield wiper linkage
- Lubricates zippers on lawn mower grass catcher bags
- Lubricates zippers on zip-up car windows
- Maintains dashboard
- Maintains interior
- Makes battery bolts easier to remove when sprayed on prior to installation
- Makes truck bed liner easier to remove later when sprayed on truck bed before installation
- Penetrates frozen locks
- Penetrates rusted parts on snowshoes
- Penetrates stuck brake bleeder valves
- Penetrates stuck car hoods
- Penetrates stuck fog light nuts
- Penetrates stuck radiator handle
- Pre-lubricates threads on wood screws
- Prevents corrosion of spark plug cables
- Prevents noise on car window tracks
- Prevents oxidation on battery connections
- Prevents rust when sprayed liberally on wet tools
- Prevents spray nozzles for windshield washers from freezing
- Prevents windshield wiper blades from cracking and drying out when used in the early summer
- Protects barrels and metal containers against rust and corrosion
- Protects chrome on cars
- Protects drill presses from rust and corrosion when sprayed on after each use
- Protects hammers from corrosion
- Protects machining parts from rust and corrosion when sprayed on after each use
- Protects tools from corrosion
- Protects tools from rust including shovels, rakes and plumbing tools
- Quiets squeaks on automatic sliding seat belts
- Quiets squeaky leaf springs
- Removes burnt oil from exhaust pipes on motorcycles
- Removes cell phone antenna glue from glass
- Removes crayon from dashboard
- Removes debris from vise-grip and channel locks
- Removes duct tape
- Removes gaff tape
- Removes glue from leather
- Removes grease and grime and protects on-board machine and hand tools
- Removes grease and grime from motorcycle chains
- Removes greasy fingerprints from car interior
- Removes grime from engines
- Removes grit from windshield wipers
- Removes gum stuck in carpeting or between seats
- Removes gummy deposits from PVC valves
- Removes gunk and protects aluminum rims
- Removes gunk and protects brake shoe mechanisms
- Removes gunk and protects chrome on cars
- Removes gunk and protects pitchforks
- Removes gunk and protects power antennas
- Removes gunk from hacksaw blades
- Removes gunk from PVC valves
- Removes gunk from spray paint nozzles
- Removes heavy mud and grime from shovels
- Removes ink from hands
- Removes insects from front grill
- Removes light rust from car hood latches
- Removes love bugs from car grilles and bumpers
- Removes marks from white wall tires
- Removes mud and debris and protects wheelbarrow beds
- Removes old cellophane tape
- Removes paint from leather
- Removes paint rub caused by other vehicles
- Removes paint rub from other vehicles
- Removes plastic cement from tools
- Removes road oil from rocker panels
- Removes road tar

- Removes roofing tar from circular saw blades
- Removes rubber cement
- Removes rubber cement from clothing
- Removes Silly Putty® stuck on car seats
- Removes sludge from outside engine block
- Removes squeak from brake pedal
- Removes tar and sap from vehicle grills and bumpers
- Removes tar from boat tarps
- Removes wax from flat black car paint to remove cloudy “appearance”
- Restores shine on classic cars
- Shines and protects bed liner
- Shines and protects chrome
- Shines car tires
- Shines motorcycle finish
- Spray aging rubber grommets to eliminate squeaks
- Spray brake button under brake pedal to loosen sticky brake lights
- Spray inside radiator or fuel lines to slide them on easier during installation
- Spray on rubber intake air ducts to ease installation of fuel injected engines
- Spray tachometer cables to ensure accurate readings
- Stops belt noise
- Stops belt noise on automobiles
- Stops squeak in alternator pulley
- Stops squeaking on windshield wipers
- Stops squeaks caused by brake cable rubbing against chassis
- Stops squeaks in car strut mounts
- Stops squeaks on car doors
- Stops squeaks on clutch pedals
- Stops squeaks on steering wheels
- Stops squeaks on tail pipe hangers
- Unsticks car door during cold weather
- Unsticks electric seats in vehicles
- Use as coolant and polishing agent in a grinding operation
- Winterizes lawnmower to prevent freezing and rust while in storage
- Keeps dirt and mud from sticking to ATVs
- Protects chrome and gives it a nice shine
- Keeps locks from freezing during winter
- Helps make snow “roll” right off snowplow blades
- Removes dog slobber from dash and seats in vehicle
- Displaces moisture on engine and distributor
- Drives moisture from precision tools
- Eases removal of stuck spark plugs from engine
- Helps cool and protect drill bits
- Improves cutting time for drill bits
- Keeps garden tools rust-free
- Keeps lawnmower wheels turning smoothly
- Lubricates air nozzle caps on tires
- Lubricates and protects leaf and coil springs
- Lubricates and protects power tools
- Lubricates garage door runners and keeps them from freezing to garage floor
- Lubricates hinges on trunks and car doors
- Lubricates license plate bolts and screws
- Lubricates wheelbarrow wheels
- Makes removal of nuts and bolts easier
- Penetrates rusted parts on snowmobiles
- Protects corrosion-sensitive areas of car
- Protects metal and chrome parts from rust and corrosion when sprayed on before putting into storage
- Protects rubber gasket around the sunroof
- Removes adhesive tape without damaging factory paint
- Removes baked-on bird droppings from car and truck exteriors
- Removes bumper stickers
- Removes decals from windows and bumpers
- Removes dirt and grease from parts
- Removes rust from saws
- Removes scuff marks on cars caused by shopping carts
- Removes tar from chassis
- Lubricates hinges on windshield wipers
- Lubricates wood screws for easier installation
- Removes mud and debris from mountain bike gears and chains
- Protects band saws from rust and corrosion
