

---

## All WD-40 uses for Protects

- Protects mills, lathes, shears, and grinders from rust and corrosion
- Lubricates and protects parts from rust and corrosion
- Adds moisture to, and preserves, ivory and bone items
- Anti-rust agent and lubricant for gun magazines
- Apply to golf shoe spike threads to prevent rust
- Clean and polish Alaskan Oil Pipeline at visitor viewing
- Cleans and conditions rubber on table tennis paddles
- Cleans and polishes cooking kettles
- Cleans and prevents rust on oil tank exterior
- Cleans and protects adjusting screws on bicycle seats
- Cleans and protects antique beer cans from rust
- Cleans and protects antique kitchen tools
- Cleans and protects areas affected by bi-metal conditions and disassembly of machinery
- Cleans and protects Automatic weapons
- Cleans and protects bayonets
- Cleans and protects blades of pruning shears
- Cleans and protects blower fans
- Cleans and protects boot buckles
- Cleans and protects cargo release systems
- Cleans and protects collectible cans
- Cleans and protects control panel boards
- Cleans and protects copper pots
- Cleans and protects cowboy boots
- Cleans and protects dune buggy rotor caps
- Cleans and protects engine compartment
- Cleans and protects forklift brake hardware
- Cleans and protects forklifts from rust
- Cleans and protects grandfather clock cables
- Cleans and protects gun carriages
- Cleans and protects gun linkages
- Cleans and protects handcuffs
- Cleans and protects heavy-duty cutting heads
- Cleans and protects jaws on electric drill chuck
- Cleans and protects jet compressor blades
- Cleans and protects kettle drums
- Cleans and protects manicuring implements at beauty shop
- Cleans and protects mechanisms on music boxes
- Cleans and protects medicine door latches
- Cleans and protects metal buckles on snow gear
- Cleans and protects metal fencing uniform parts
- Cleans and protects miniature golf gear
- Cleans and protects moving parts of old printing presses
- Cleans and protects outdoor popcorn stands
- Cleans and protects porthole dogs
- Cleans and protects pruning shears
- Cleans and protects radar gear
- Cleans and protects reamers
- Cleans and protects rear view mirror balls and sockets
- Cleans and protects rubber boots of drive axles on front-wheel drive vehicles
- Cleans and protects safe deposit boxes
- Cleans and protects seat belt buckles
- Cleans and protects sewer cleaning cables
- Cleans and protects shoelace eyelets
- Cleans and protects toy trucks
- Cleans and protects trailer hitch locking mechanism
- Cleans and protects underside of cast iron skillet
- Cleans and protects washer lid
- Cleans and protects weed wacker blades
- Cleans and protects windshield wiper blades
- Cleans and protects wire mesh black bay boxes
- Cleans and shines bathroom formica tiles and fixtures fast
- Cleans and shines the exterior of stainless steel frozen yogurt machines
- Cleans, protects and lubricates bells on antique sleighs
- Cleans, protects and lubricates metal buckles on snow gear

- Coat dental instruments before putting in autoclave to prevent excessive oxidation
- Coat door knobs prior to painting to keep paint from sticking
- Coat drill press spindle for rust protection
- Coat electric guitar pickups to prevent rusting
- Coat rubber ties on boats to keep rubber from drying out
- Displaces moisture from electrical connections and protects from corrosion
- Drives moisture from bicycle chains after washing
- Drives moisture from wet bicycle chains
- Fogs interior of vintage motorcycle mufflers during winter storage
- Helps keep exposed nail heads from rusting
- Helps keeps paint on farm machinery shiny and free from cracks
- Helps maintain waterproof seal in telephone splice cases
- Helps protect rubber trunk molding
- Helps protect sluice boxes
- Helps reclaim rusted plumbing snake
- Helps remove oxidization from bronze grave markers
- Helps start wet engines
- Increases life of high-speed dental hand pieces
- Keeps a disassembled race car engine well-oiled and prevents rust when parts are sprayed down and wrapped in plastic wrap for the off-season
- Keeps adhesive from building up on face cut dies
- Keeps ax blade from rusting
- Keeps barbells from rusting
- Keeps blades from rusting on garden plow
- Keeps blades from rusting on sharp shooter
- Keeps boat engine parts rust-free
- Keeps boat shifter cables loose and free from rust
- Keeps branch-cutting tools rust-free
- Keeps brass boat fittings from rusting
- Keeps camping gear free of rust
- Keeps car battery terminals corrosion free
- Keeps car locks from freezing during winter
- Keeps Christmas tree stand from rusting
- Keeps circumference rulers from rusting
- Keeps construction lifts clean from stucco job
- Keeps dog leashes rust-free
- Keeps fishing lures corrosion free
- Keeps fishing reels rust-free
- Keeps garden plant cages bright and rust free
- Keeps golf cart wheels rust-free
- Keeps horseshoes from rusting
- Keeps keys from rusting
- Keeps knobs on heart monitor defibrillators clean
- Keeps lock down plate clean on oil wells
- Keeps metal filing tools from filling with lead or zinc
- Keeps metal surfaces from rusting
- Keeps metal wind chimes rust-free
- Keeps metal wire screens rust free
- Keeps model trains rust-free
- Keeps moisture and corrosion from building up on the control cables of model airplanes
- Keeps paint from sticking to glass
- Keeps paint from sticking to paint brushes
- Keeps plant hangers from rusting
- Keeps plant supports from rusting
- Keeps rust from forming on hockey skate blades
- Keeps RV slides rust free
- Keeps saddles rust-free
- Keeps seat staples from rusting on personal watercraft
- Keeps sewing needles from rusting
- Keeps tackle from freezing during ice fishing
- Keeps tape from sticking to drywall tools
- Keeps taping knives from rusting
- Keeps top line guides from freezing on fishing rods when ice fishing
- Keeps trailer hitch receiver and insert looking new
- Keeps truck bed anchors rust free
- Keeps winch cables rust-free
- Keeps windshield wipers rust-free
- Lubricates and protects antique weapons for historical reenactments
- Lubricates and protects bucksaw blades
- Lubricates and protects electric stapler
- Lubricates and protects hinge pins and points
- Lubricates and protects latches
- Lubricates and protects power tools such as drills, nail guns and staple guns
- Lubricates and protects snowmobile suspension
- Lubricates and protects unicycle seat post

- Lubricates auto cocker on paintball gun
- Lubricates baseball pitching machine and prevents rust
- Lubricates hockey goals and keep them from rusting
- Lubricates sleds and toboggans
- Maintains dashboard
- Maintains interior
- Penetrates and prevents corrosion on stuck bathroom fixtures
- Polishes and protects boat rails
- Polishes and protects brass candlesticks
- Preventative maintenance on Christmas decorations before storage
- Preventative maintenance on cooking burner
- Prevents antenna from freezing during winter
- Prevents canopy stakes from rust
- Prevents corrosion of spark plug cables
- Prevents corrosion of underwater connectors on Remote Operated Vehicle (ROV)
- Prevents corrosion on boat battery terminals
- Prevents corrosion on boat trailer axle
- Prevents corrosion on connectors used to install TV antennas and satellite dishes
- Prevents corrosion on console panel switches
- Prevents corrosion on copper parts of fountain
- Prevents corrosion on field weapons
- Prevents corrosion on helicopter blades
- Prevents corrosion on hula hoe swivels
- Prevents corrosion on my sailboat pulleys
- Prevents corrosion on outdoor light fixtures
- Prevents corrosion on radar gear
- Prevents corrosion on stored drill bits
- Prevents corrosion on valves under toilet
- Prevents corrosion on wing interior
- Prevents detail from sticking to cast material in resin-kit model production
- Prevents fishing flies from rusting
- Prevents metal components on Christmas decorations from rusting
- Prevents mildew growth on fountain
- Prevents moisture damage on cable TV field strength meters
- Prevents oxidation on battery connections
- Prevents rake from rusting
- Prevents rust and cleans Katana swords
- Prevents rust and discoloration on lids of jars of canned fruits and vegetables
- Prevents rust from forming on blender blades during storage
- Prevents rust from forming on metal picnic cups
- Prevents rust from forming on ski bindings
- Prevents rust from forming on washing machines
- Prevents rust on aluminum bird feeder poles
- Prevents rust on bicycle brake cables
- Prevents rust on bicycle brake threads
- Prevents rust on bicycle frame
- Prevents rust on bicycle spokes
- Prevents rust on chipper/shredder rollers
- Prevents rust on clamps
- Prevents rust on floor sanding machines
- Prevents rust on golf spikes
- Prevents rust on guns used in the field
- Prevents rust on hand saws
- Prevents rust on jewelry forging blocks
- Prevents rust on Katana swords
- Prevents rust on metal patio chairs
- Prevents rust on outside of door panels
- Prevents rust on oyster knife
- Prevents rust on patio furniture screws
- Prevents rust on pool cover studs
- Prevents rust on portable electric equipment
- Prevents rust on rabbit cages
- Prevents rust on seam areas on wings
- Prevents rust on ship seam areas
- Prevents rust on shut-off valve of main water source
- Prevents rust on side trim
- Prevents rust on swamp cooler nuts
- Prevents rust on testing bars
- Prevents rust on transmission gears when coated after etching
- Prevents rust on tripods
- Prevents rust when sprayed liberally on wet tools
- Prevents rust when sprayed on bike scratches
- Prevents salt damage on aluminum exterior components of personal watercrafts
- Prevents surface rust on stainless steel laundry coin boxes

- Prevents the hydraulic unit on a BO105 helicopter from malfunctioning; Apply WD-40 every morning during daily inspection
- Prevents windshield wiper blades from cracking and drying out when used in the early summer
- Prevents "pits" on stainless steel tables (used to collect/pack fish) from rusting
- Protects against corrosion in retractable wheel wells
- Protects against corrosion on high tension circuits
- Protects and lubricates floating boat docks after thawing
- Protects and lubricates tailshaft on boat propellers
- Protects and maintains armor suits
- Protects and polishes bronze grave markers
- Protects antique milk can from rust
- Protects antique toys
- Protects archeological tools
- Protects arrowheads from corrosion
- Protects bandsaw bearings
- Protects barrels and metal containers against rust and corrosion
- Protects baseball gloves during off-season
- Protects bayonets from rust while stored in sheaths
- Protects bicycle chain
- Protects bike frame from salt water corrosion
- Protects bore and exterior of gun barrel from corrosion
- Protects cast iron brake rotors when storing vehicle
- Protects chains from getting rusty
- Protects chainsaw blades before storing
- Protects chrome on cars
- Protects coaxial fittings on modem
- Protects combination locks
- Protects DJ components from rusting
- Protects drill presses from rust and corrosion when sprayed on after each use
- Protects drives on wire welders
- Protects drywall tools
- Protects electric pump on furnace
- Protects electrical connections in car/truck engines
- Protects electrical connections in engines
- Protects exposed metal parts on snow blowers
- Protects fertilizer distributors
- Protects fishing gear from rust and corrosion
- Protects fittings on boat moorings
- Protects football helmets
- Protects golf clubs against rust and corrosion
- Protects grout from mildew in outdoor shower
- Protects gun parts when being stored
- Protects gym lockers from steam/water damage
- Protects HAM radio antennas from moisture
- Protects hammers from corrosion
- Protects hand trowels from corrosion
- Protects helicopter M/R blades from rust
- Protects ice-fishing auger from rust
- Protects inner machinery in toilet against corrosion
- Protects jet-ski engine compartment from corrosion
- Protects kite line
- Protects lawnmower blades
- Protects light sockets from rust
- Protects machining parts from rust and corrosion when sprayed on after each use
- Protects metal bars on glockenspiels
- Protects metal baseball bat from rust
- Protects metal fencing blades
- Protects metal water meters from rust and corrosion
- Protects motors coupled to pumps to prevent faulty packing glands
- Protects outside of cast iron brake drums on riding lawnmower
- Protects patio door from sun damage
- Protects pool furniture for winter storage
- Protects powder coated metal
- Protects rhinos (a digging tool for fighting forest fires) from rust
- Protects shellfish rakes from rust
- Protects shower heads from rust
- Protects silver from blackening
- Protects snow shovels from the effects of salt
- Protects steel doctor blades on flexographic printing presses
- Protects stored Kaiser blades from rust
- Protects storm window gaskets
- Protects swing chains from rusting
- Protects tools from corrosion
- Protects tools from rust including shovels, rakes and plumbing tools
- Protects tools, garden implements and lawnmower blades from rust

- Protects trucks on skateboards
- Protects vintage steam equipment on paddlewheel steam boats
- Protects weed wacker blades
- Protects wheelbarrow beds from rust
- Protects wrought iron from rust
- Provides protective coating for Teflon heating strips
- Reconditions brass tips on crop field sprayer nozzles
- Reconditions old mining tools hauled in from desert gold mines
- Reconditions rollers in fax machines
- Refurbishes antique fishing lures
- Removes buildup on tuner control on am/fm boat radios to get rid of static when tuning
- Removes crud and protects blades of pruning shears
- Removes crud and protects boating blocks
- Removes debris and protects fertilizer spreader after use
- Removes grease and grime and protects brass boat fittings
- Removes grease and grime and protects on-board machine and hand tools
- Removes grime and protects boat hardware
- Removes grime and protects porthole dogs
- Removes gunk and protects brake shoe mechanisms
- Removes gunk and protects cables and connectors
- Removes gunk and protects CB radio antennas
- Removes gunk and protects gauges
- Removes gunk and protects medicine door latches
- Removes gunk and protects pitchforks
- Removes gunk and protects power antennas
- Removes gunk and protects the plates of injection molding machines on windshield washer nozzles
- Removes gunk and protects tracks on tracked vehicles
- Removes mud and debris and protects wheelbarrow beds
- Shines and protects bed liner
- Shines and protects blades on hydrofoils
- Shines and protects chrome
- Shines atlas missiles
- Spray electronic TV circuit boards to prevent oxidation before installation
- Spray golf shoe spike threads to prevent rust from forming in sockets
- Spray handles of garbage can to prevent rust and corrosion
- Spray in a box of nails to keep them fresh and rust-free
- Spray on aluminum cylinder heads to prevent galling and cross threading
- Spray on arrow feathers to keep them water resistant
- Spray on beach chair hinges to prevent binding and rust
- Spray on disposable razor blades to make them function longer
- Spray on hands before using heavy adhesives to prevent sticking
- Spray on hula hoe swivels to clean & prevent corrosion
- Spray on pump action on shotgun to prevent freezing during cold weather
- Spray on rudder to prevent corrosion and loosen stuck parts
- Spray on shower doors to keep them from rusting
- Spray on silverware during unused periods to prevent tarnishing
- Spray on snow chains to keep from rusting
- Spray on suspension gaskets to resist deterioration
- Spray spurs to prevent rust
- Stops ice from forming on horseshoes during riding
- Use to help clean frets on guitars and prevent strings from rusting
- Winterizes boat engine parts to prevent rust and corrosion
- Winterizes lawnmower to prevent freezing and rust while in storage
- Prevents guitar strings from rusting
- Removes crud and protects console gauges on boats
- Protects chrome and gives it a nice shine
- Protects pneumatic and hydraulic fittings from rust
- Lubricates and protects air conditioner blades
- Prevents rust on inside of door panels
- Drives moisture from and prevents corrosion on SCUBA gear
- Drives moisture from and prevents rust on rappelling equipment
- Drives moisture from fishing lures, hooks and tackle
- Drives moisture from precision tools
- Keeps camping gear free from rust
- Keeps garden ornaments in fountains and ponds rust-free
- Keeps garden tools rust-free
- Keeps hose ends from corroding
- Keeps ice skate blades from rusting
- Keeps pitchforks rust-free
- Keeps weather stripping and rubber car door seals soft and prevents drying and cracking
- Lubricates and protects leaf and coil springs
- Lubricates and protects power tools
- Prevents corrosion on blender blades when coated regularly
- Prevents rust on rototiller blades during off-season

- Prevents saltwater oxidation on bikes
- Protects corrosion-sensitive areas of car
- Protects heavy-duty cutting heads
- Protects metal and chrome parts from rust and corrosion when sprayed on before putting into storage
- Protects plumbing "runner" ropes from being burned by molten lead
- Protects rubber gasket around the sunroof
- Protects trailer hitch locking mechanism
- Waterproofs chimney cleaning tools
- Prevents calcium buildup on sprinkler heads
- Protects anchor chain from rust
- Polishes and protects golf clubs
- Prevents corrosion on irrigation systems
- Prevents rust on outdoor air conditioners
- Protects band saws from rust and corrosion
